NOTE FOR: Executive Director

Chuck:

In the gig department, I want to remind you of my 18 April memo and the fact that I'm looking to you and the Deputies to maintain the momentum and spirit behind this exercise. Please tell me what progress is being made to that end at one of our next sessions.

I also asked by 1 April for a plan correcting the imbalance of women in senior grades. With the SIS promotion cycle upon us, I don't want to miss that opportunity to do some "fixin."
